3 This tax has been abolished, House tax being substituted for it, in all the Municipalities of the District except Tumkur Town, where it is levied in addition to the House tax. The receipts for the current year under this head are estimated at Rs. 155- as against Rs. 235- of the past year. The actuals of 1876-77 amounted to Rs. 189; but as those of the first six months of 1877-78 amounted to Rs. 28 only, the present estimate may be allowed to stand.

4. The estimates under this head remain the same as last year in all the Municipalities. The actuals of 1876-77 and of the first six months of 1877-78 are shewn in the — *. al Statement. A large portion of the previous years house tax remains uncollected; and the arrears likely to be collected this year are estimated at Rs 574, which may be allowed to stand, though the recovery of the whole amount is doubtful.

8. The several items of increase noted above, have not been explained; and no details have been furnished which may be called for.

9. The estimated Expenditure under this head exhibits, as noted in the margin, an increase of Rs 293, for which no details and no explanation have been furnished - The contribution payable by the Tumkur town Municipality on account of the establishment and Contingent charges of the Huzur Duftar having been reduced from Rs 3 to Rs 2 in the Chief Comrs. Pro. No. 2774/241 of the 10th November 1877, the provision under "Head office" in that Municipality should have been less than that of last year; but the estimate shews an increase of Rs 27 - Explanation may be called for.

5 per mensem respectively.
This year only, the peon, it would appear, is proposed to be retained.

11. The total outlay proposed to be incurred on Public Works amounts to Rs: 7690; being Rs: 3200 on account of original Works, and Rs 4490 for Repairs. As pointed out by the Dy. Actt. General, the amount shewn in the Budget Statement No. II for original Works of the Bellary Municipality is Rs 200, whereas the sum provided on that account in the Budget Statement No. I of the same Municipality is Rs 100. The latter amount may be sanctioned, as there are no funds at the credit of the Municipality to admit of the former being retained.

12. The provision under "Repairs", for which no details have been furnished

may also be passed subject to the Notifications being sent up for sanction

13. The charges on account of the Town Police viz Rs 1553 remain the same as in last year.

14. The estimated charges under "Conservancy" are the same as last year, in all the Municipalities except Chicknaikenhully, where an increase of Rupees 180 has been provided for - This may be sanctioned.

Conservancy

15. Under this head, provision has been made in the Tumkur Town Municipality for the repayment of the loan of Rs 1000 sanctioned from Local Funds General in the Chief Commrs: Pro. No. 2899 / 261 of the 24th November 1877. This may be approved.

Miscellaneous

16. From the statement appended to para 2 of this memo, it will be seen that the estimated expenditure in the Municipalities of Tumkur, Tipatur, Bellary, Gadadagere and Turuvekere exceeds the

the estimated income and the excess is proposed to be met from the pro=bable opening cash balances. It would be well not to entrench upon the cash balances, but this can=not well be avoided this year.

17. Adverting to para 8 of this memo, communicated in para 3 of this office Pro No. 1398-99/107 of 31/7/78, the Comm. Nundg. Dn. states that the Dy. Comm. of Lumbur reports, that the increase in the estimated ex=penditure under head "Collection" is owing to provision having been made for the commission on collection of the arrears of house tax due for the previous year on the General Municipal=ities, as shewn in the margin

18. With reference to para 4 of the Chief Comm's. Proceedings alluded to (vide orders on para 9 of this memo), the Com=

Mr Hough remarked that in some cases the Contractor's Estimates have been considerably in excess of the Quantities actually executed by them

many Estimates have to contend that the Government sanction of the Scheme ought to have been obtained. Provision was made in the Budget without explaining for what purpose the increased provision was made — I suggest that the Govt be requested to furnish details for the provision entered in the Budget under "Road Offices" in order to ascertain what is the strength of the present Establishment attached to the Road Offices —

With reference to para 3

to state that the Deputy

2. The increase noted in para 4 of the Proceedings under reference, under head "Head Office charges" is reported to be due to the provision made for a clerk on Rupees 25 per which was indispensable in consequence of the increase of work in this District — The sum has been distributed amongst all the Municipalities

Docket no. 296 dated 25th September 1918, from the Commr. Nandy Division explaining that the increase in the estimated Expenditure under "Collection" in the Municipalities in the Lumbini District is owing to provision having been made for the commission payable on collection of arrears of House Tax due for previous year, and that under "Head Office" provision for a Clerk on Rs. 25 per mensem was made and the amount ~~which was undispensable in consequence~~ totally distributed amongst all the Municipalities in the district.

Order thereon.

From the explanation now submitted it is not clear whether the collection of House Tax referred to is entrusted to a separate Commission Agent or whether the percentage is paid to the Mukhiya or Mukhtiar who makes the collection

in addition to the pay he gets for other work connected with Conservancy Dea:. The provision for commission is, however passed subject to a statement ~~full~~ detailing the ~~particulars as regards~~ Establishment attached to each Municipality being submitted at an early date.

2 With regard to the provision made increased under "Head Office" the Chief Comm^r remarks that ~~the~~ ~~Comm^r exceeded his~~ permitting the ~~authority~~ in entertainment of the extra Clerk referred to, on Rs 25 per mensem without previous sanction.
